## THE COUNTY UNIT BILL

### AND THE PRINCIPLES OF LOCAL SELF-GOVERNMENT

HAVE THE PEOPLE IN MASON COUNTY OUTSIDE OF MAYSVILLE ANY RIGHT TO A VOICE AS TO WHETHER INTOXICANTS SHALL BE RETAILED IN MAYSVILLE?

The principle of local self-government is that any political unit shall make and enforce its own laws in all matters that affect its own people exclusively, so long as its laws do not contravene the laws of any larger political unit of which it is a part; that is the municipal laws, regulations and ordinances may not contravene county laws, county laws may not contravene State laws, and State laws may not contravene National laws.

It is of no concern to Vermont how Oklahoma raises her revenues, conducts her schools, manages any of her internal affairs, so long as Oklahoma does nothing and permits nothing that robs her people of any of the rights and benefits guaranteed by the Federal Constitution.

It is of no concern to the City of Hopkinsville how the City of Shelbyville lights and paves her streets, what franchises she grants or how she conducts whatever of her business concerns Shelbyville and her people alone. But should an epidemic of small-pox break out in Shelbyville it is the privilege of Hopkinsville to call upon the State to compel Shelbyville to put a strict quarantine around herself so that no germs of small-pox may escape to endanger the people of Hopkinsville.

Each county has the right within the limits prescribed by the State Constitution to manage its own schools, keep up its own roads and administer its own affairs, so long as it does nothing prejudicial to the life, safety, liberty, property and general well-being of its neighboring counties.

So each precinct in each county, whether sparsely settled or thickly settled forming villages, towns or cities, has the right to make and enforce regulations THAT AFFECT ONLY THOSE RESIDENT WITHIN ITS BOUNDARIES. How Does This Apply To Masonville And Mason County?

Maysville may pave and light her streets as she sees fit, grant charters, franchises and licenses she

as, administer her schools, her internal affairs as her Council and Board of Education

wise, conformable to the

of her charter, so long as

does nothing that by its very

nature affects territory beyond her corporate limits and over

which as a corporation she has no jurisdiction.

Now, the sale of the poisonous drug, alcohol, as a beverage, is just a case in point. Maysville and every other municipality permitting the sale of alcoholic beverages provides against the danger arising therefrom by keeping a police force for the protection of the life, safety and good order of her people. But the jurisdiction of these officers of the municipal corporation of Maysville, ends with the geographic limits of the corporation. Not so the dangers created by the poisonous drug, they extend to the extreme limit of Mason county and far beyond.

Lives have been destroyed on our highways by men under the influence of Maysville intoxicants. Women have been outraged and murdered in farm houses by men under the influence of Maysville liquor; other women have escaped by a hair's breadth. Farmers' wives the county over, are made daily and hourly fearful because of liquor bought in Maysville not to speak of the revulsion in the present state of domestic service or having to serve meals to farm hands in various stages of intoxication. Not a day and especially a Saturday night but every road leading from Maysville is made dangerous by Maysville liquor. Maysville should police every road and every farm house in the county, she should send a policeman home with every drink bottle she sells if she will claim any right to sell same. The revenue within the city limits,

debauched by Maysville liquor. The loss of time and the damage done to stock and crops is immense. The future of the children is imperiled by the environment which Maysville by her liquor traffic creates.

Because the retailing of liquor in Maysville an evil the effect of which Maysville cannot keep within her own corporate limits, because the evils and the dangers to the country are as great and greater than they are to the city, the rural part of the county has a right to a voice, in protecting the lives, safety, business and morals of the county as a whole from the liquor evil.

The Constitution of Kentucky recognizes this principle in that it provides that the county may by act of the General Assembly be made the unit in matters pertaining to the sale of intoxicants; and the General Assembly recognizes the soundness of the principle and the need for its application when it passed the County Unit Law, which has been declared by the Court of Appeals to embody the purpose and intent of the Constitution.

The only way for Maysville to retail liquor without loss and danger to the country is to prohibit any form of communication between the town and county. Maysville would not perhaps wish to do this. Of course she could not do this and remain the seat of the county government.

Because the sale of liquor in Maysville endangers life and limb and causes great economic loss as well as injures the health and morals of the people in the community and because it creates expenses in criminal prosecution, which the county tax-payer helps to pay Mason County, has a fundamental right to vote in determining whether spirituous, vicious or malt liquors shall be sold by any one in the county including druggists.

Each county has the right within the limits prescribed by the State Constitution to manage its own schools, keep up its own roads and administer its own affairs, so long as it does nothing prejudicial to the life, safety, liberty, property and general well-being of its neighboring counties.

So each precinct in each county, whether sparsely settled or thickly settled forming villages, towns or cities, has the right to make and enforce regulations THAT AFFECT ONLY THOSE RESIDENT WITHIN ITS BOUNDARIES.

#### MAY PROVE FATAL

##### When Will Maysville People Learn the Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney trouble may follow; That dropsy or Bright's disease may be the fatal end.

Will you be glad to know the following experience,

'Tis the statement of a Maysville citizen.

Mrs. Della Lunsford, 328 E. Front St., Maysville, Ky., says: "I attributed kidney trouble to a strain. I had sharp shooting pains through my kidneys and a dragging down feeling through my hips. I had dull headaches and dizzy spells and often if I had not caught hold of something for support, I would have fallen. I was in that condition for several years, up one week and in bed the next. I finally began to notice symptoms of dropsy and in a short time I was suffering from that trouble. My feet began to swell and my hands were at times the same way. At night I was restless and always felt tired. I read of a similar case being cured by Dora's Kidney Pills and I got a supply. Before long I was completely and permanently cured. Dora's Kidney Pills saved my life. I am glad to confirm my former endorsement of this remedy."

Price 50c, at all dealers. Don't think ask for kidney remedy—get Dora's Kidney Pills—the same that Mrs. Lunsford had. Foster-Milburn Co., Provo, Buffalo, N. Y.

#### WHY IMPOSE A WAR TAX?

##### When We Are At Peace With All The World—Minority Leader Mann Says No Need Of It If Democrats Would Exercise Economy.

The plan of the Administration to offset its failure to keep up the expense of running the Government by imposing a burdensome war tax on the people, especially when the country is at peace with all the world, has roused widespread opposition.

"In the first place, there is no need for additional taxation," said Minority Leader Mann, on the floor of the House of Representatives. "If the party in power would exercise economy in expenditures—reasonable and natural economy such as an ordinary business man would enforce in his own affairs or a judicious housekeeper would apply, no citizen need be taxed another dollar."

But even with the reckless expenditure of public money by the present Congress, there is a better way to meet the deficit than by levying direct taxes. Of course, no one expects the administration to adopt the Republican course of seeking revenue from such imports as will come in, notwithstanding the war restrictions, and therefore it is useless for a Republican to offer advise."

SPECIAL TWO-REEL KALEM FEATURE

Day and Night Along  
the Frontier

of Germans and Allies Still Fac-  
ing Each Other, Waiting For  
Moment to Strike

On the Battle Front, Sept. 18.—By  
day of Paris, 5:30 p. m.—The gigantic  
battle, or more properly battles, con-  
tinue day and night along the entire  
front from Noyon to the frontier. The  
fighting does not consist of one sus-  
pended and combined movement, but in  
a series of combat preceding  
essentially at the strongest points of  
the Germans defending line along the  
River Aisne. Attacks and counter at-  
tacks follow one another in rapid suc-  
cession every hour.

London, Eng., Sept. 18.—For five days  
the British and French armies have been  
trying to dislodge the Germans from  
the strong line of defensive works  
which they have constructed on the bat-  
tling front from the Oise to the Meuse  
rivers. There have been attacks and  
counter attacks, but, in the words of  
one communication, "there has  
been no change in the situation." The  
allies claim to have made pro-  
gress at some points against the Ger-  
man right wing north of the Aisne and  
have repulsed counter attacks be-  
tween Craonne and Rheims, while they  
say in the center and on the right the  
Germans are acting purely on the de-  
fensive, having dug themselves into  
entrenchments."

### Germans Seem to Have Advantage.

The Germans having selected posi-  
tions which they have fortified, would  
have the advantage, according to  
military critics, but for the fact  
they must defend the whole ef-  
front to make good their retire-  
ment.

After an attack by them fail or  
ing blow from the allies break  
down, while the Anglo-French  
are declared to be free to mass  
at point General Joffre may select  
most suitable for attack.

### KAPPA SIGMA PI OFFICERS ELECTED.

At the regular monthly meeting of the  
Maysville Chapter of the Kappa Sigma  
the following officers were elected  
for the ensuing year:

President—Frank Nash,  
Vice-President—C. S.  
Secretary—Curry  
Treasurer—W. M.

### FACTS AND FIGURES

(Continued from first page.)

1900, a levy of 8 cents was made  
to liquidate the \$60,000 bond issue.  
This indebtedness will all be paid  
in 1918. The \$12,000 paid annually  
by the State for the next twenty-  
five years will reduce the present  
levy 4 cents.

But if a small additional tax  
were necessary, wouldn't we save  
in the moral upholding of our  
people and lay a foundation for  
future prosperity? A prominent  
citizen of this town stated that he  
owned a piece of property in  
Greencamp. When Greencamp went  
dry his taxes on this property  
were increased not quite a dollar,  
and his rent increased \$12, so he  
had a clear gain of \$11. He has  
been offered \$400 more for the  
property than its value at the  
time the town went dry.

When our Savior was pierced by  
the cruel nails and thorns, his  
agonized cry rent the air, "Father  
forgive them; they know not what  
they do." But when the cry from  
the torn and maimed hearts of  
the mothers of this town to the  
guardians of the public welfare to  
save the children from the wolf,  
they are not able to destroy they  
cannot say, "Forgive them,  
Father," for THEY DO KNOW  
WHAT THEY DO.

Women, mothers of Maysville,  
rouse yourselves to save your  
children from the wolves that are  
LEGALLY PRESERVED and  
make Maysville a city safe and  
fair where childhood may grow  
grandly to maturity.
